CAREER GLITCH · SHORT · SIMPLE · NO BORING PARTS

PRESSURE WASHING OWNER IN THE AI ERA

It's the most satisfying before/after in the trades — and no robot is climbing a ladder with a surface cleaner.

★ TL;DR — Owners around ~$75K on the site's scale, startable in 1–6 months with no license in most areas. The catch: demand is seasonal and weather-driven, and a cheap machine in careless hands wrecks expensive siding. ★

THE CAREER GLITCH TAKE

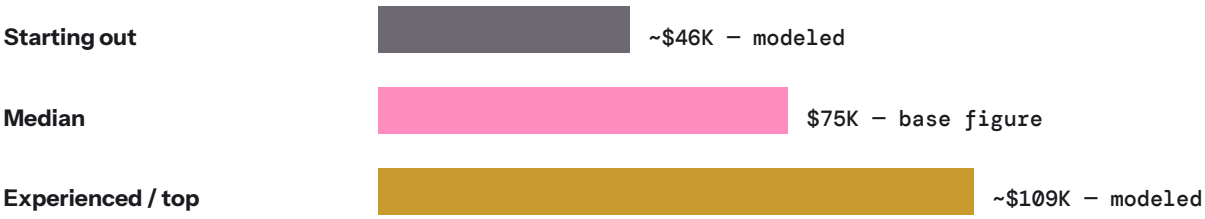

OUR TAKE: YES — WITH EYES OPEN

MEDIAN ~$75K · TRAINING 1-6 months · AI RISK LOW

- Low equipment cost, high visual payoff — the marketing makes itself.
- House washes, driveways and fleets are three different profit lanes.
- Quoting software measures roofs from space; the washing is hands and judgment.

The site's take, built from this profession's numbers in the Career Glitch base.

THE MONEY — LOOK AT THE BARS

The Career Glitch base figure for Pressure Washing Owner is a ~$75K median (compiled from U.S. Bureau of Labor Statistics, Occupational Outlook Handbook ranges). The starting and top bars are modeled around that median — orientation, not a promise. Pay swings hard by state, employer and experience: check live postings in your state before planning around any number.

WHAT DOES A PRESSURE WASHING OWNER ACTUALLY DO?

- ✓ Soft-wash houses and pressure-wash concrete and decks
- ✓ Mix detergents safely and protect plants and fixtures

✓ Quote from photos and satellite measurements

✓ Maintain pumps, hoses and surface cleaners

Think: dentistry for houses — technique matters, and damage is forever.

WHAT AI ALREADY TOOK (AND WHAT IT CAN'T)

THE ROBOT	THE HUMAN
Satellite measuring, instant online quotes and automated follow-up handle the office work. Drone roof inspection helps estimates.	Choosing pressure versus soft wash, protecting landscaping, and not etching concrete or forcing water behind siding — judgment on site.

⚠ **Spring prints money and winter starves in cold climates; one damaged-siding claim teaches chemistry the hard way.**

THE VIBE — IS THIS YOUR LIFE?

THE JOB IS	THE JOB IS NOT
✓ Instant-gratification work with viral before/afters ✓ One or two jobs can fill a day profitably ✓ Add-on goldmine: gutters, windows, fleets	✗ You're wet, loud and sun-exposed all day ✗ Seasonality swings income hard ✗ Ladders and roofs carry real risk

Good fit? Careful with chemicals and equipment, and loves a visible transformation.
Bad fit? You rush, hate water and chemical work, or fear heights entirely.

THE FORK — PICK ONE DOOR

DOOR A — WORK FOR A WASHING CREW	DOOR B — START WITH DRIVEWAYS
A season with a pro outfit teaches soft-wash chemistry, two-step processes and what not to blast — the expensive lessons on someone else's insurance.	A solid machine, a surface cleaner and a trailer setup can launch on flatwork — driveways and sidewalks. Lower-risk work that funds the soft-wash rig and the training.

Smart move: Sell annual house-wash plans to past clients in the off-season — pre-sold spring routes beat February panic.
Where you land after: Solo rig → second rig and technician → commercial contracts: fleets, storefronts, HOAs.

YOUR ROADMAP — 6 STEPS

1	2	3	4	5	6
LEARN SOFT	SET UP	BUILD THE	LAUNCH FLATWORK	ADD HOUSE	PRE-SELL THE

STEP 1 — Learn soft wash versus pressure

FREE · WEEKS

- Study where pressure damages: siding, roofs, screens, wood.
- Chemistry basics — dilution, dwell, rinse — are the professional difference.

STEP 2 — Set up and insure

WEEKS

- Register the business; liability insurance before touching a client's home.
- Check local rules on water use and chemical runoff.

STEP 3 — Build the rig

MONTHS 1-2

- Commercial machine, surface cleaner, hoses and a proper injector setup.
- A water tank and trailer make you mobile and professional-looking.

STEP 4 — Launch flatwork first

MARKETING

- Driveways and sidewalks: fast, visible, lower-risk portfolio builders.
- Photograph every job from the same angle — the pair of photos is the ad.

STEP 5 — Add house washing

MONTHS 2-4

- Soft-wash process for siding; bundle driveway-plus-house packages.
- Quote by measurement, never by vibes.

STEP 6 — Pre-sell the season

MONTH 6+

- Annual plans and HOA or fleet contracts stabilize the calendar.
- Raise residential prices as the route fills.

FIRST 90 DAYS — JUST DO THIS

- □ Today: learn the soft-wash process and price three local competitors.
- □ Days 1–30: rig assembled, insurance live, practice on your own property.
- □ Days 31–60: first flatwork jobs, before/afters posted, reviews coming.
- □ Days 61–90: house-wash package launched; bundles selling.
- □ Day 90: a working wash business — now sell the calendar, not just jobs.

NEXT — MAKE IT PERSONAL
